

## **CSRA Air Quality Alliance Introduction**

On March 11, 2010 the CSRA Air Quality Alliance held a stakeholders meeting at the SCE&G Misty Lakes Recreational Facility. Attendees included representatives from federal, state and local governments, industry, utilities, military, health care, local boards of education, technical colleges and universities, and economic development authorities among others.

Presentations were given on various topics to update stakeholders about the new more stringent air quality standards, the impacts of the new standards, and what air quality initiatives are currently being employed in the region. Links to these presentations and the CSRA Air Quality Action Plan document are available on this webpage. Please feel free to contact [mmoultrie@augustaga.gov](mailto:mmoultrie@augustaga.gov) if you have any information that may have been missed or needs correction in the CSRA Air Quality Action Plan.
