

VPSI Commuter Vanpool Program

A transit alternative for CSRA commuters

VPSI Corporate Overview

- Established in 1977 as a subsidiary of the Chrysler Corporation.
- Today, VPSI is privately-owned and the **largest** commuter vanpool provider in the World.
- We operate from over 40 offices with a fleet of over 5,200 vehicles throughout the United States.
- Recognized as America's Vanpool Leader in the provision of commuter vanpool management and services.

Commuting Challenges

- President Obama's E.O. mandating greenhouse gases reduction (13423).
- Today's **high** commuting costs!
- Long commutes and traffic which can lead to increased stress that **DECREASES** employee efficiency levels .

What does a vanpool provider do?

VPSI works with groups of employees who live in proximity to each other, work similar hours, and agree to share their commute in one of our well appointed fleet vehicles...

VPSI's program details...

- Our fleet includes 7 to 15 passenger vans.
- Comprehensive vehicle maintenance.
- Liability insurance for our volunteer drivers. (\$1,000,000.00 per incident)
- A month to month agreement in lieu of a long term lease.
- Complete program management to sustain and grow the vanpool program.

Vanpooling and the Mass Transit Benefit Program (T.I.P)

Fed. employees are eligible to receive up to \$230.00/month (tax free, in addition to income) to offset the cost of registered alternative transit programs (i.e., vanpooling, bus, or rail) for 2011. The IRS also allows **pre-tax** payroll deduction.

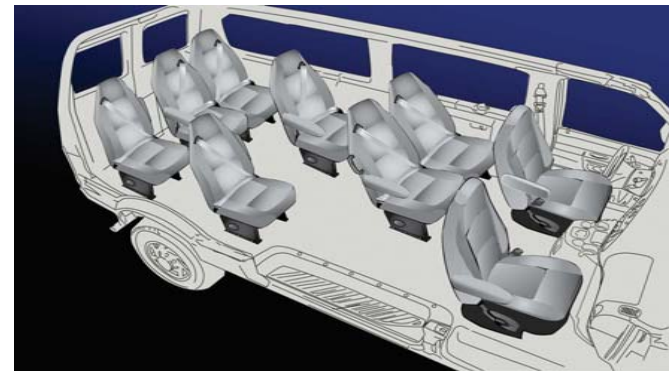

Example Vehicle Configurations

MY09 15-Passenger Split Bench

MY09 9-Passenger Luxury

Why choose VPSI?

- VPSI has 34 year of experience in the vanpool industry.
- Laser focus on vanpool safety.
- Comprehensive program management – we do the “heavy lifting” so you can focus on your job.
- Widest selection of commuter vehicles to choose from.
- VPSI is committed to growing the sustainability movement – we are NOT just a fleet provider.
